

BEAUMONT  
RESIDENTIAL CARE

*Home away from Home...*

Established in the late 1980s, our purpose built family run nursing home is set in two acres of mature gardens in Beaumont, Cork, and is easily accessed from the South Link Road, Douglas and Blackrock.

Our emphasis is very much on providing first class care in a secure homely environment where residents' privacy, dignity and independence are respected at all times. Our highly experienced staff is dedicated to providing a level of nursing care second to none, while actively involving family members.

To be entrusted with the care of close family members is a huge responsibility and one the Beaumont Residential Care team does not take lightly.

## We offer

Beaumont Residential Care is established primarily for the long term care of residents, both male and female, aged 65 years and over. We accommodate up to 73 people. Depending on room availability we also offer limited short term convalescent care, respite care, and palliative care.

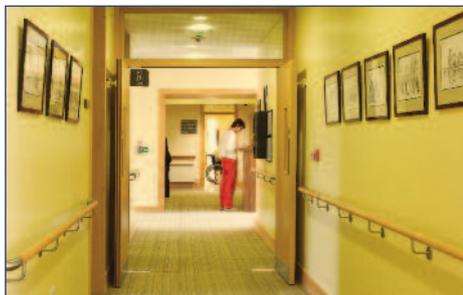

Our professional team is trained to work closely with various clinical disciplines and takes a holistic approach to the care it provides. We believe it is important that residents keep as physically and mentally active as possible to maintain their independence and quality of life.

## Facilities

Following major investment in 2010/2011, Beaumont Residential Care now has facilities comparable with the very best. In summary, we have:

- seventy three resident bedrooms located on two floors (all with ensuite bathrooms). Ten of these bedrooms are located in our specialist self-contained East Wing unit, where more one to one care is provided by dedicated and specially trained staff.
- individual direct-dial telephones and televisions with up to 20 channels including our in-house channel. Direct telephone numbers are assigned to residents on arrival at Beaumont.
- spacious lounges and day rooms where residents can read, chat with other residents and staff, or spend time privately with visitors. Our main day room contains a large projector screen where weekly movies and other events are shown
- private mature gardens, including two internal courtyards
- 4 assisted bathrooms, a physiotherapy room, and a treatment room
- WiFi access throughout the building, as well as a hearing aid induction loop system in our Day Room and TV Lounge

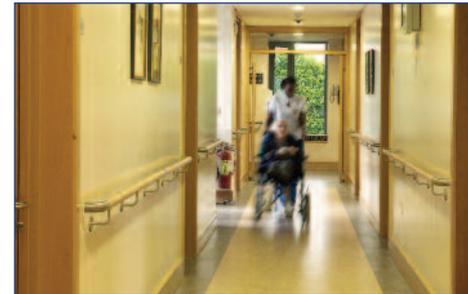

## Services and Activities

- 24 hour nursing care with individualised care plans
- Daily menu choice, catering for special diets
- Residents' Committee, independently facilitated
- In-house laundry
- Physiotherapy, chiropody, massage therapy by appointment
- Weekly mass (also available on our in-house TV channel if residents prefer)
- Film and wine evenings on our big screen
- In-house newsletter
- Varied programme of other activities including:
  - exercise classes (Elderwell, Fit for Life)
  - reminiscence therapy
  - musical afternoons/evenings
  - art classes, flower arranging
  - weekly quiz, bingo, cards
  - visiting mobile library

We are very proud of the warm and caring environment offered at Beaumont Residential Care and would very much welcome an opportunity to show you around our facilities at first hand. Our nursing staff would be pleased to discuss the specific care needs of prospective residents and answer any questions you might have on any aspect of our operation.

We look forward to welcoming you to Beaumont, your Home away from Home.
